

Consumables Drilling

HSS Jobber Drill Bits

BESTSELLER

- Ideal for drilling in alloyed and unalloyed steels, plastics and wood.
- Split point and 135° point angle for optimum centering when starting
- Precision point to DIN338RN for outstanding accuracy

- Long Series drill bit offers even greater hole depths
- Manufactured to the same high standards

Premium HSS Jobber Drill Bits

- Dormer's renowned A002 HSS jobber drill
- High quality hardened High Speed Steel drill with a TiN (Titanium Nitride) coated tip to resist flank and crater wear, whilst providing low friction for longer life
- 118° split point for excellent positional accuracy with good centring capability in a wide range of materials
- Ideal for drilling aluminium, wood and chipboard
- Bright uncoated drill body for better working visibility
- Manufactured to DIN338RN / BS328 / ISO235

HSS Blacksmith Drill Bits

14.0mm - 25.0mm

- Shank form and tool length optimised for use with pillar-type drills
- Ground HSS bit with maximum precision
- Ideal for drilling in alloyed and unalloyed steels
