Holesaws

Standard Range Holesaws

HSS Bi-Metal

- Designed for drilling quick, clean holes in metals, wood and plastics
- No jamming thanks to Vario-Pitch tooththing
- Breakage-resistant design thanks to alloyed tool steel and solid adapter plate

Premium Range Holesaws

Cobalt

- Designed for extreme durability, extended tool life & ultimate drilling performance
- Tooth design manufactured with M42 superior steel featuring 8% cobalt
- Strong flex-free body with variable pitch teeth for increased speed and durability
- A reliable solution for producing holes in metals, wood and plastics
