

JOINERY ADHESIVE RANGE

- Guaranteed to transform the way in which materials are bonded together
- Speeds up your workflow and drastically reduces production time
- Eliminates traditional methods of bonding, that are messy, wasteful and time-consuming
- Achieve an even spray pattern resulting in noticeably superior results

TensorGrip L40

General Purpose Contact Adhesive

L40 is a fast drying, web spray adhesive with good heat resistance suitable for bonding a variety of materials, including; standard laminates, creating wood build-ups, and for foam, fabric, metal, and some hard plastics.

- Fast drying with good heat resistance
- Suits both porous & non-porous substrates
- Suitable for bonding a wide variety of materials

TensorGrip L12

Ultimate Web Spray Contact Adhesive

L12 is a highly-engineered spray adhesive proven to dramatically reduce production time, reduces the need for mechanical fixings in curved structures, and offers high-strength bonds to particle board and MDF.

- Unrivalled bonding power with incredible grab
- Ideal for bonding flexi-ply & wood build-ups
- CO-REZ™ technology - "more glue, less gas"

TensorGrip L17

High-Temp Spray Contact Adhesive

L17 creates tough and resilient bonding of decorative surface materials, common wood substrates, HPL, GRP and aluminium to a wide variety of substrates including; MDF, chipboard, plywood and timber sheet materials.

- Heat Resistant up to 128°C & CLASS-1 Fire Rated
- Permanent bonding & immediate bond strength
- BS 6222 Bond Strength Approval

TensorGrip LP64

Premium Mist Spray Contact Adhesive

LP64 is designed for permanent & life-time guaranteed bonding of gloss laminates, veneers, HPL, and fabrics to a variety of substrates including; MDF, chipboard, plywood and many other timber sheet materials.

- Offers a perfect pebble-mist spray pattern
- Fast drying and resists temperatures up to 115°C
- High performance neoprene-based resin system

TensorGrip LP61

Premium Web Spray Contact Adhesive

LP61 is designed for permanent & life-time guaranteed bonding of HPL, veneers, leather and decorative face laminates to a variety of substrates, including; MDF, chipboard, plywood and timber sheet materials.

- Heat Resistant up to 128°C & CLASS-0 Fire Rated
- High grab and superior bond strength
- Easy application control and minimal cleaning

ADHESIVE CLEANING RANGE

- No matter how good the adhesive, mistakes happen. But when they do, Tensor is here to help.
- Strong, safe and secure cleaners and solvents to fix any adhesive mishaps
- Effective clean-up and maintenance of most adhesives
- Compatible with almost all surfaces and substrates including plastics

TensorGrip C101
Citrus Adhesive Cleaner

A biodegradable citrus solvent cleaner, degreaser, and adhesive remover that can be used safely on almost all surfaces and substrates, including painted surfaces, glass, porcelain, concrete, and many plastics & vinyl.
